Printing booklets is a common task that many users want to accomplish. The best way to create a booklet depends on the version of Word you are using.

Booklet Printing in Word (Microsoft Word)

Printing is a process for reproducing text and images using a master form or template. The earliest non-paper products involving printing include cylinder seals and objects such as the Cyrus Cylinder and the Cylinders of Nabonidus. The earliest known form of printing as applied to paper was woodblock printing, which appeared in China before 220 AD. Later developments in printing technology ...
