2. Prepare Your QuickBooks Desktop Data for Export. Follow the steps below as a checklist to ensure your data is ready for export: Update your data – This is your opportunity to clean up your data. For example, if you have customers or vendors whose contact information needs to be added or changed, this is the time to take care of that.

How to Convert from QuickBooks Desktop to Online in 9 Steps

In this example, we recorded a single change in the .QBA file created from the client's data, a journal entry. Changes initially appear as single line items, and you can expand (+) or collapse (-) the detail that appears below a transaction by clicking the appropriate indicator to the left of the transaction.
