Stepping or step-dancing is a form of percussive dance in which the participant's entire body is used as an instrument to produce complex rhythms and sounds through a mixture of footsteps, spoken word, and hand claps. Though stepping may be performed by an individual, it is generally performed by groups of three or more, often in arrangements that resemble military formations.

----- I reviewed what I found here related to this topic. The information here contributed to my evolving design for lowering the mast on our 28' sloop. The mast is 33' long and weighs about 100 lbs. I'll be having a tabernacle made to replace the existing cabin-top mast step. 15 years ago I made an A-frame rig for a smaller boat and used it alone with success, but always with fear too.
