

ten americans pdf

Ten Americans: After Paul Klee explores the seminal role of Swiss-born artist Paul Klee (1879–1940) in the development of mid-20th-century American art. The exhibition sheds new light on important figures in American Abstract Expressionist and Color Field painting who adapted aspects of Klee's art and ideology into their own artistic development.

of American Indians living in the southeastern part of the country at the time. The book, a cultural and historical study of the Catawba, Cherokee, Creek, Choctaw, and Chickasaw Indians, is based on Adair's first-hand observations derived from his 40-year career as a deerskin trader among several southeastern Indian tribes.
