The economy of South Korea is the 4th largest in Asia and the 11th largest in the world. It is a mixed economy dominated by family-owned conglomerates called chaebols; however, the dominance of the chaebol is unlikely to last and engenders risk of slowing down the transformation of Korean economy for the benefit of future generations. South Korea is known for its spectacular rise from one of ...

The expansion of our wealth is only possible so long as the oil supply continues to expand, says oil expert Dr. Colin Campbell. The financial and investment community is beginning to accept the reality of Peak Oil, which ends the First Half of the Age of Oil, during which banks created capital by lending more than they had on deposit, being confident that tomorrow's expansion, fueled by cheap ...
