DESIGNERS, DESIGN MOVEMENTS AND COMPANIES

A designer is a person who makes designs for objects. A fashion designer designs clothing, a web designer designs web pages and an automobile designer designs automobiles. In each case, the designer works with the help of a technician or engineer who understands deeper level concepts of manufacturing and engineering and the designer themselves is largely confined to work at a surface level.

Clients don't know a thing about their users, and designers think that if they like it, everyone will. Sound familiar? Daniel Lafreniere's 30-minute "extreme user research" plan comes to the rescue for those of us facing this exact situation. With this practical method, you can generate loads of useful data that will have a real impact on design, thus making the website more effective and ...

Extreme User Research - Boxes and Arrows

It's astounding to me that in 2015 the question of which operating system you should use is still a debate. Many designers find themselves turned down for jobs if they prefer using a PC rather than a Mac. Many designers feel that if they can't afford a Mac they won't be taken seriously, so ...

Is Mac or PC Better for Graphic Designers? - CreativePro.com

Xara Designer Pro is our flagship all-in-one creative title. In one completely integrated and consistent interface it provides all the tools for a range of graphic design tasks that would normally require three or more separate "suite" programs: illustration, photo editing, advanced page layout, web graphics, websites and more.

An Intro to the Features of Xara Designer Pro X

Designers love their tools and processes. Many verbal battles have been fought about code or images, Photoshop or Sketch, paper or screen. And these discussions are serious. You'd think they were about whether to kill all kittens in the world.

The Haystack | Web. Design. Web design.

Against the Odds magazine investigates military history from a broad perspective. The economic, political, religious and social aspects of warfare are examined in concert with events on the battlefield.
